

SHABANA
FURNITURE

Company Profile

Who we are?

Shabana Furniture was founded in **1912** to produce exceptional and unique furniture products based on the highest standards of quality and authentic taste, products that are being manufactured according to the original principles of the industry.

Quality has been and remains the primary value that we happily providing to our customers in all of our classic and modern furniture products, which undoubtedly cater to all of our customers' needs and are appropriate for homes, hotels, businesses, palaces, and companies.

Each piece of furniture is handcrafted with great care to be unique and extraordinary

Values

Time

One of the most valuable values that we have preserved for more than **100** years in Shabana Furniture, all departments in company and the factory are working in perfect harmony and with precision to provide a true model in full commitment to delivery time.

Quality

It's not just a slogan for us, when you visit Shabana showroom, you will feel how important quality is for us and how much we care about the smallest details, starting from manufacturing to finishing and how it's not just a feeling but a real fact that you're in front of unique pieces of furniture.

After-sales service

The relationship between us and our customers extends beyond delivery, as building a real strong business relationship with our customers is very important to us. We care about how satisfied our customers are with their products all time.

PRODUCTION

Hundreds of professionals and hard-workers are working in harmony to produce the finest furniture in the world.

20,000^{m2}

Shabana Furniture Factory has an area of 20,000 square meters with production lines that are equipped with the latest technology in furniture manufacturing to ensure the highest level of quality is provided in complement with the skills of professional workers.

We believe in the power of teamwork, its impact and its ability to make a real difference. We have been working as a family and one family since 1912. Which undoubtedly helped us achieving tremendous growth during those years.
